Brett Weiss : Encyclopedia of KISS: Music, Personnel, Events and Related Subjects before purchasing it in order to gage whether or not it would be worth my time, and all praised Encyclopedia of KISS: Music, Personnel, Events and Related Subjects:

1 of 1 people found the following review helpful. Good effort that needs some tweakingBy Strutter71Giving this 3 stars because of the sheer scope of the project, and I applaud the author for putting this together. However, it needed to be more carefully edited and fact-checked. The entry for Dimebag Darrell says he's one of the founding members of

Anthrax, which is a pretty unforgivable error. That's just one example off the top of my head. There are several other minor ones that I've encountered so far. Also, an encyclopedia by definition should consist of solely facts. Too many entries include the personal opinion of the author, which I think is inappropriate for what this is supposed to be. 2 of 2 people found the following review helpful. A good read for any KISS fan. By CustomerA very complete encyclopedia of everything KISS. Even though I've been a fan for 38 years, I learned a lot of new facts about my favorite band. 0 of 0 people found the following review helpful. Must have for KISS ARMY. By Charles Stolz. Love it but not a lot I haven't heard before but good to bring back some of my memories

The self-proclaimed "Hottest Band in the World," KISS is one of the most popular groups in the history of rock, having sold more than 100 million albums during their more than 40-year reign. With more gold albums than any other American band, they were inducted into the Rock and Roll Hall of Fame in 2014. KISS influenced a generation of musicians, from Garth Brooks and Motley Crue to Nirvana and the Red Hot Chili Peppers. The original leather-clad, makeup-wearing line-up--Ace "Spaceman" Frehley, Gene "Demon" Simmons, Paul "Starchild" Stanley and Peter "Catman" Criss--and their classic hits "Beth" and "Rock and Roll All Nite" are forever etched in pop culture consciousness. This encyclopedia of all things KISS provides detailed information on their songs, albums, tours, television and movie appearances, merchandise, solo work and much more, including replacement members Eric Carr, Vinnie Vincent, Bruce Kulick, Mark St. John, Eric Singer and Tommy Thayer.

*I keep it near my favorite chair in the family room and pop it open quite a bit...it's a fun book I think fans will like...it's chock-full of great information...great job on the research.~MarkCicchini, co-host of 3 Sides of the Coin podcast*Good unofficial KISS book...a good read for KISS fans.~BillStarkey, co-founder of the KISS Army*A great book...a fun read...definitely a different kind of book.~MichaelBrandvold, co-host of 3 Sides of the Coin podcast.*Terrific read...incredibly well-written and thorough in its examination of All Things KISS...author Brett Weiss has been exhaustive in his research...a great book.~Ross"Chaim" Berg, author of Gene Simmons: A Rock 'N Roll Journey in the Shadow of the Holocaust*Encyclopedia of KISS is world-class; Weiss has done his research very, very well. All areas are covered with enthusiasm and energy.~metal-rules.comAbout the AuthorFulltime freelancer and pop culture expert Brett Weiss lives in Fort Worth, Texas. In addition to his reference books about classic home video games, he has written for numerous magazines and newspapers.
