I wanted a book where I could find birds and animals we might see traveling around the US or just in parks nearby. My daughter is only 2 now, so for now it's just geese, deer, and bears from the zoo. It's a great book that I got for a steal!0 of 0 people found the following review helpful. Four StarsBy John O'Briengreat0 of 0 people found the following review helpful. mot so goodBy AquariaI needed photographs and a some info about animals native to america.Limited photographs,limited info. I suggest you find another book.
