From Facts on File Inc : [(Encyclopedia of Science Fiction)] [Author: Don D'Ammassa] published on (June, 2005) before purchasing it in order to gage whether or not it would be worth my time, and all praised [(Encyclopedia of Science Fiction)] [Author: Don D'Ammassa] published on (June, 2005):

4 of 7 people found the following review helpful. 500 entries place sci fi works in literary perspectiveBy D. Donovan, Editor/Sr. ReviewerPlenty of books analyze the world of science fiction, but few narrow the focus to literary impact, as does **ENCYCLOPEDIA OF SCIENCE FICTION: THE ESSENTIAL GUIDE TO THE LIVES AND WORKS OF SCIENCE FICTION WRITERS**. College-level readers receive a comprehensive A-Z reference of over 500 entries for both authors and works, placing the writer and achievements in perspective of literary merits and including a bibliography, glossary of terms, and survey of the basic science fiction literary movements which evolved. Even peripheral writers like Stephen King who have made definitive marks on the genre receive recognition in this fine, college-level reference.
