David Saunders : Encyclopedia of the Worlds of Doctor Who: E-K before purchasing it in order to gage whether or not it would be worth my time, and all praised Encyclopedia of the Worlds of Doctor Who: E-K:

0 of 0 people found the following review helpful. Great bookBy Wayne StoneEven though this is an older book and has very few graphics (black and white) it is packed with tons of information. I have not had a chance to read it through and through but have read a few of the articles and found them to be very informative without being overly wordy.

Follow-up of "The encyclopedia of the Worlds of Doctor Who A-D", this book answers yet more questions on Doctor Who. It includes cast lists, character information, breakdowns of planets etc. David Saunders was the coordinator of the "Doctor Who Appreciation Society".
