From Brand: Routledge : Encyclopedia of Tropical Fish before purchasing it in order to gauge whether or not it would be worth my time, and all praised Encyclopedia of Tropical Fish:

0 of 0 people found the following review helpful. Five Stars By D. Dillon Purchased as a gift. 54 of 55 people found the following review helpful. Encyclopaedia of Tropical Fish By Cichlid Jay-WOW- I have been keeping fish for years now and I have never come across a book with so much in-depth information for the beginner and the seasoned fish keeper. The book includes hundreds of pictures and quite a lot of information about all topics in the book. The thing I like about this book is when I search over the net and I look up a species the information provided agrees. the

"Encyclopaedia of Tropical Fish" is a book to have around for anyone in the hobby.

This Encyclopedia includes extensive information on all of the fish appropriate for an aquarium. The main characteristics of familiar and less familiar kinds of tropical fish are explained here in layman's terms--as are such subjects as main characteristics of various species and proper care of tropical fish. The book also includes hundreds of color photographs of tropical fish and a detailed Subject Index.
