Nash Jay Robert : Encyclopedia of western lawmen outlaws (Paragon House true crime library) before purchasing it in order to gage whether or not it would be worth my time, and all praised Encyclopedia of western lawmen outlaws (Paragon House true crime library):

2 of 2 people found the following review helpful. Great book! Husband loves it!By BellaSouthIf you or someone you know is interested in the Old West; this encyclopedia is a must-have. My husband hasn't put it down since I gave it to him three days ago. Lots of great photos and a reader-friendly format. I've never been especially interested in Western history or the genre, but I've enjoyed perusing this book as well. Can't beat the price either. Highly recommended.1 of 1 people found the following review helpful. Well researched.By John OlexaI really like this book! Yeah ok, as a western history buff there are a few things I might disagree with but given the fact it contains info for just about everyone from those days and not just the more famous people, this is the book to have if you like the wild west!!0 of 0 people found the following review helpful. Five StarsBy NashBook was a little on the rough side but I am really enjoying reading it.Thanks

With over 1000 entries and 400 illustrations, this volume is the most fact-packed history of the West ever assembled. Crime historian extraordinaire Jay Robert Nash has left no stone unturned in his search for the gunmen, train robbers, gangs, desperadoes, range warriors, gamblers, and lawmen that roamed the frontier. Contrary to popular myth, the

Wild West was not a glamorous land where chivalry and courage were the custom and a man died with his boots on. It was a land of incredible hardshipsbrutal weather, hunger and disease, and the constant threat of violent death. Everyone carried a six-shooter, neutrality was impossible, and violence unavoidable; lawmen and outlaws lived side by side, and often there was no telling one from the other. Into this land came pioneers lured by promises of great fortunes, ex-Confederate soldiers embittered by the outcome of the war, greedy cattle barons, and merchant princes. It was truly an explosive mixture.Included in this volume are all the great Western legendsBilly the Kid, Jesse and Frank James, Butch Cassidy, the Sundance Kid, Wyatt Earp, Doc Holliday, Judge Roy Bean, Wild Bill Hickockand a host of lesser-known figures who, though they may have missed notoriety, were equally lethal. And while the West was very much a man's world, several women managed to shoot, steal, or gamble their way to fameincluding Belle Starr, Pearl Hart, and Calamity Jane.A compelling read, Encyclopedia of Western Lawmen Outlaws will be the standard reference for years to come. In addition to alphabetical listings, it offers a glossary of lawmen and a glossary of outlaws, a magnificent photo and illustration appendix, and an extensive bibliography of books on the American West.

From Library JournalThe title pretty much says it all here. The 1989 volume covers the greater- and lesser-known white hats and black hats of the Wild West. Though the text is illustrated with photographs and drawings throughout, there is also a separate section of photos of the most famous people and places.Copyright 1995 Reed Business Information, Inc.About the AuthorJay Robert Nash is widely recognized as the world's foremost encyclopedist of crime, and has authored more than seventy single-volume and multi-volume reference works, including the Encyclopedia of World Crime.
