**Matthew E. Bunson** : **Encyclopedia Sherlockiana: An A-To-Z Guide to the World of the Great Detective** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Encyclopedia Sherlockiana: An A-To-Z Guide to the World of the Great Detective:

1 of 1 people found the following review helpful. A Great Reference for Fans! By RDDA great companion for fans of Doyle and his imitators, the Encyclopedia Sherlockiana is an alphabetized quick reference guide. Like a proper encyclopedia, there are several illustrations and blurbs of varying degrees for each subject. 3 of 3 people found the following review helpful. An excellent guide to everything Sherlock Holmes By Jacob Bond This book contains everything one would want to know about the world of Sherlock Holmes. From the movies featuring Holmes to descriptions of every character ever mentioned in a story. This is really an impressive feat, considering the 4 novels and 46 short stories that were written by Arthur Conan Doyle about this famous sleuth. But this book also devotes

some pages to the many stories that have been written about Sherlock Holmes by other authors. Yes, if you are a fan of Sherlock Holmes, you can't go wrong by purchasing this book. It's just so fun. 1 of 1 people found the following review helpful. Indispensable By Roy T. Robinson All Sherlock Holmes fans need this book!!!! Gives info you won't get anywhere else. Should be by your side while you read the stories.

More than 100 years after his first appearance, Sherlock Holmes is a literary phenomenon without comparison. This first comprehensive compendium to all the stories, films, characters, and clues from the Canon provides synopses of every case in the stories and novels, profiles of notable figures, descriptions of the real cases that inspired Conan Doyle, and more. 113 illustrations. Maps.
