**Professor Oswald Ducrot, Professor Tzvetan Todorov : Encyclopedic Dictionary of the Sciences of Language (Softshell Books)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Encyclopedic Dictionary of the Sciences of Language (Softshell Books):

"All of [the] articles are well-informed and useful and many... are models of lucidity and acumen... Porter's translation is stylish, accurate, and highly readable."--MLN "A valuable addition to any linguistics or stylistics library and is helpful reading for anyone who wishes to find his bearings in, particularly, Continental, modern linguistics."--Style. "The attempted coverage is nothing if not panoramic: linguists from Panini through to Chomsky, fields from language pathology to literary theory, concepts from generative rules to fictional viewpoint."--Times Literary Supplement

"The attempted coverage is nothing if not panoramic: linguists from Panini through to Chomsky, fields from language pathology to literary theory, concepts from generative rules to fictional viewpoint." -- Times Literary Supplement "All of [the] articles are well-informed and useful and many... are models of lucidity and acumen... Porter's translation is stylish, accurate, and highly readable." -- MLN Language Notes Text: English, French (translation) About the Author Oswald Ducrot is Directeur d'Etudes, Ecole des Hautes Etudes en Sciences Sociales. Tzvetan Todorov is Attaché des Recherches, Centre nationale de Recherches Scientifiques.
