were the most helpful references and it is written so you can reference areas you want most to learn about. There is more than enough information, including a lot of history and information on other stones other than diamonds. It even gave me a dollar range to expect, which was the biggest unknown for me.0 of 0 people found the following review helpful. Very interesting, still reading but have learned a lot ...By Mary M. StevensonVery interesting, still reading but have learned a lot of practical advice.0 of 0 people found the following review helpful. Five StarsBy wadas1989A OKAY :-)

An indispensable resource on how to select, buy, and enjoy the perfect ring, this revised edition includes new color photos and features the latest trends and artistry in ring design. Also included are up-to-date diamond price charts to help buyers really know what they are paying for.
