#345664 in Books Freytag Berndt 2005-04-01 Format: Folded Map Original language: German, English, French, Italian, Spanish 10.24 x 1.10 x 5.28l, Binding: Map 1 pages | File size: 38.Mb

Freytag-Berndt und Artaria : England/Wales (Road Maps) before purchasing it in order to gage whether or not it would be worth my time, and all praised England/Wales (Road Maps):

3 of 3 people found the following review helpful. England/Wales Road Maps By Judith L. Uthoff Never realized how

really huge England and Wales are til I opened this map. Be sure you have lots of floor space for looking this map over (you won't be opening it inside a car, that's for sure!). Do like the amount of detail. The map includes a little booklet index for finding cities/towns on the map as well as detail maps of London in three 2-page maps. Good value for the \$\$\$.

By Kiki
This is a fabulous map, sturdy and well-detailed. I have this and the Michelin Atlas and use them in conjunction. This map helps you see the relative spatial relationships and major routes; good for planning!
The atlas then helps with smaller detail.
To read this map, you'll need a big space on your floor or a large work table. :-)

By Corey
When you go on the road and find it to be left handed as they are in the UK, a map truly comes in handy. This is one of the best things we bought for our two-week trip through Wales and England. GPS was considered, but this map never let us down. A low-tech solution of the first order even on the "little" roads (of which there are many) and each has something interesting to see.

Explore England and Wales with this FreytagBerndt double-sided road map. The best way to plan your trip, prepare your itinerary, and to travel independently in these two countries of Great Britain. Place name index and inset maps of London in a booklet. Touristic information: airports, places of interest, view-points, lighthouses, castles, manor-houses, religious buildings, archaeological sites, accommodation, camping sites, monuments, golf courses. The legend is in English, French, German, Italian, Dutch, Spanish, Czech, Slovak, Hungarian and Polish.
