John Christopher Wells, J. C. Wells : English-Esperanto-English Dictionary (2010 Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised English-Esperanto-English Dictionary (2010 Edition):

8 of 8 people found the following review helpful. Esperanto DictionaryBy Robert WedwickThe dictionary includes lots of new words and phrases for keeping Esperanto up with the current world, such as words for modern computers and other scientific advances. At the front of the dictionary, Wells includes a concise grammar reference and an

abundance of abbreviations. It also deals with much of the ambiguity of English, such as the many definitions for the word "bill." 2 of 2 people found the following review helpful. Excellent Dictionary By Father James Cornelle This book has been very useful for me and I look forward to keep it by my side in my new language adventure. Printed very clearly, and tough enough to withstand the abuse of my bag and constant searches. 0 of 0 people found the following review helpful.
