Sergio Adorni, Karen Primorac : English Grammar for Students of Italian: The Study Guide for Those Learning Italian, Third edition (OH Study Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised English Grammar for Students of Italian: The Study Guide for Those Learning Italian,

Third edition (OH Study Guides):

0 of 0 people found the following review helpful. Good supplement for university-level Italian
By Pablo Smith
Good supplement for university-level Italian; recommended by professor. 4 stars because it arrived slightly damaged.
0 of 0 people found the following review helpful. Very Good.
By Kindle Customer
This book provided the explanation of the English grammar first and then it explained and compared the differences of the Italian grammar. It doesn't have every rule but it gives you the basics that one learns during a full beginner's year. I found it helped me- I don't like grammar in any language which makes it more difficult to learn- this book made it easier to understand the rules.
0 of 0 people found the following review helpful. Great grammar book for those who don't really get grammar
By lemonade
I have learned several languages and this book did such an amazing job and easily and clearly describing the difficult concept of grammar.

Third edition of this popular self-study guide for students of Italian. Each chapter covers a grammar point: i.e., a part of speech (noun, verb, pronoun), a word's function in a sentence (subject, direct object, indirect object), a grammatical term (tense, conjugation, gender, agreement). Each chapter is divided into two sections. 1. In English: grammar is explained as it relates to English, anticipating concepts necessary for Italian. 2. In Italian: grammar is explained as it relates to Italian, with examples and explanations of the rules applied. Points out similarities, differences, and alerts students to pitfalls. Available online: 1. Review booklet with Answer key 2. Correlation to Oggi in Italia indicating the pages to be read in preparation for each lesson. This self-study guide is part of the OH Study Guide series for students of foreign languages. Experience has shown that students using the OH Italian Study Guide improve their performance in Italian grammar thanks to a better understanding of English grammar. Teachers can devote more class time to developing communicative skills.

In view of its unique perspective and approach, its trenchant and effective explanations of grammatical points, its easily grasped and easily remembered rules, and its distinctively revealing diagrams and examples, it is hard to imagine a teaching situation, especially at the elementary level, to which Adorni and Primorac's English Grammar for Students of Italian would not make an invaluable contribution. --*Italica*
The conceptual and visual presentation of the material is simple and clear. There are numerous diagrams and charts. Although grammar points are isolated for the sake of presentation, there are many cross-references to related terms, as well as a detailed index. --*Modern Language Journal*
Throughout the book, the use of charts to summarize points presented is excellent. The authors have taken care to indicate various pitfalls that students often do not avoid . . . Exceptionally well presented is the analysis of the English YOU and its Italian equivalents, tu, Lei, voi, Loro . . . the use of this book as a supplement to a beginners textbook of Italian is recommended. --*Canadian Modern Language Journal*
