I volunteer with refugees and some have NO knowledge of English what so ever. I gifted this to them and the mom takes it with her everyday. She can easily find words she needs to use in english to help her at work or at the doctors. It IS the only one I found, so it's nice that it's inexpensive. There are a few translation errors, however they aren't bad enough to affect the overall usefulness of this dictionary.1 of 1 people found the following review

helpful. It is concise and yet contains many useful expressions as a two-way dictionary. By Reggae Girl This handy reference is a real winner for several of my Kirundi-speaking ESL students. It is concise and yet contains many useful expressions as a two-way dictionary. I keep a copy in my ESL classroom, and students sometimes want to buy their own copies. 1 of 1 people found the following review helpful. this book has made my job easier!
