The book is wonderfully organised, it has clear explanations for every practice unit and a number of practical exercises. I appreciate that all phrasal verbs are grouped in units, which definitely contributes to better memorising and mastering the verbs. What I like the most and actually was looking for is illustrations and exercises of a practical use of phrasal verbs rather than just their explanations. 0 of 0 people found the following review helpful. This new level of English Phrasal Verbs in Use is specifically designed for advanced level students looking to improve their knowledge of this often difficult area of the English language. The book includes many phrasal verbs useful to students preparing for the Cambridge CAE, CPE and IELTS examinations.
