Bruce Biggs : EnglishMaori, MaoriEnglish Dictionary before purchasing it in order to gage whether or not it would be worth my time, and all praised EnglishMaori, MaoriEnglish Dictionary:

0 of 0 people found the following review helpful. Great Help By S. Parker I'm currently writing a novel, and I've used Maori as a basis for the names of a lot of places and characters. The pronunciation of Maori is difficult, especially for myself as an American, and Biggs breaks it down expertly so I've been able to somewhat understand the dialect. What's

more is I've found Google Translator and other online sites aren't entirely reliable. (What? No way!) I've had to correct a lot of the words I had used previously, and thanks to Biggs I now won't look quite so foolish once my novel is published.

An excellent tool for students of New Zealand's Maori language, this pocket guide contains more than 4,000 entries in both its English and Maori sections. With a useful pronunciation guide and helpful information on parts of speech, it will be of relevance to linguists, anthropologists, researchers, and academics interested in Pacific Oceanic cultures and history.
