J. Michael Farr, Laverne Ludden, Paul Mangin : Enhanced Occupational Outlook Handbook, 2000-2001

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Enhanced Occupational Outlook Handbook, 2000-2001:

10 of 11 people found the following review helpful. Enhanced Occupational Outlook Handbook By William Beard In the Enhanced Occupational Outlook Handbook the author adds vital information to the Department of Labor's version of the book. It provides exhaustive, accurate, up-to-date information on all major jobs and occupations in the United States. This easy to use, authoritative, and definitive reference offers the most useful database of information on jobs and salaries available today. All jobs are arranged into logical clusters, making it simple to find a given occupation. The descriptions are clearly written and replete with pertinent and useful information on skills, pay, working conditions, training, educational prerequisites and more. It is an essential, core reference title for school and

community job center counseling, and ideal for personal job and career research. 3 of 4 people found the following review helpful. This book helps you in your future expedition to find a job. By A Customer It talks about many different jobs. For each job, the book includes a definition, working condition information, earnings, and more. This book is very informative. I suggest you to buy it if you are looking for a job.

The best one-volume occupational resource for writing resumes, preparing for interviews, and writing and revising job descriptions, this book combines the most widely used career information book of all time, The Occupational Outlook Handbook, with 7,000 related job titles for the 250 occupations held by 85% of Americans. Compiled from the Dictionary of Occupational Titles, this comprehensive list includes 3,000 detailed job descriptions not easily accessed.
