Shelley Ann Vernon : ESL Games: 176 English Language Games for Children: Make your teaching easy and fun before purchasing it in order to gauge whether or not it would be worth my time, and all praised ESL Games: 176 English Language Games for Children: Make your teaching easy and fun:

2 of 2 people found the following review helpful. ConfusingBy James MayI was disappointed with this book. It was NOT divided up into speaking, listening, writing and listening sections as are most books of this type. I found it difficult to navigate. I took this book overseas to help me with my lesson planning but found it confusing and after I while I just forgot about it. When it came time to come home I left the book in the school library. Perhaps someone else will be able to make more sense of it than I did.0 of 0 people found the following review helpful. Unique ideas ready for a pro, plus tips for beginnersBy Gwynn PowellI am constantly on the search for ways to teach English using an active format. This book is full of great ideas that I have not seen before. In addition, when you contact the author, she has great resources to support implementing the ideas. After getting this book, I ordered the electronic versions of other resources because I wanted to quickly have access to these great resources. I am super impressed! For a beginner at teaching there are helpful tips to get you started. If you are a pro, then jump right into the activity. I use these materials in a summer camp setting and I know the campers will love these activities and also really improve their English! Thanks so much!2 of 2 people found the following review helpful. It is great how Shelley breaks down each game into categories (listening/speakingBy Frank IppolitoThis book is fabulous! Even though it says that it is for ages 6-12, I most definitely can slightly modify many of the games for high school students. Some don't need to be modified at all. It is great how Shelley breaks down each game into categories (listening/speaking; group size; ELL level, etc). I recommend this book to new and experienced ESL teachers!!

Be a successful, fun teacher with this action-packed games book for children learning English FREE BONUSHow would you like to have happy, motivated pupils who love learning English with you ? Now you can. Have you noticed how kids tend to forget everything you covered in the previous lesson ? The vocabulary goes in one ear and out the other ! 176 English Language Games for Children solves that problem, by making repetition fun. Now you can drill your pupils in new vocabulary and grammar until they are blue in the face and they won't hate you, they'll love you for it ! Now they will be motivated and enjoying your lessons. They will gain confidence in speaking, remember what you teach them and get better results. With the help of numerous teachers writing in with feedback over the years, Shelley Ann Vernon has created a fabulous collection of fun, easy ESL games for the classroom. This is a great book for the staff room bookshelf, and for any ESL teacher out there who wants to get better results and prepare fun lessons quickly. What you will get from this book: Easier, faster lesson planning Fun language drills for learning new vocabulary and grammar Fun ways to have all the children speaking as much as possible during lessons Classroom management strategies that work in the real world Games for listening, speaking, spelling, reading and writing skills And you may even become a more popular teacher It can be a challenge learning to teach, or changing your teaching style but if you do it with one new game a day, you'll soon become the inspirational teacher you really want to be. Getting Your FREE Bonus Inside this book is access to a series of elementary lesson plans made from games in the book. By using these lessons you'll be taken through the six steps to a fun, yet effective classroom. A month ago I started teaching Elementary and literally wanted to give up and run out of the classes crying after the first 2 weeks! Then I purchased your ESL games for Elementary and tried the lesson plan for the Alphabet- they loved it! Everyone participated during the whole class and it was a huge success, especially with my IMPOSSIBLE group of 10, 4th grade boys- they had so much fun! Thanks again for your excellent work. Courtney Elizabeth Clay Costa Rica Educational Programs Classes are more fun and the teacher is more confident! I keep using the games from 176 esl games book and so many things have changed for me for the better. My classes are more fun, I'm gaining more confidence as a teacher and my pupils love the games and are learning very fast!!! It's all been really great! Marta Turel, private primary school, Turkey Your games just shine and sparkle with so many activities offering lots of natural repetition I have plenty of good ideas of my own (being CTEFLA qualified and I have been teaching kids for some years now) but Wow, I must tell you: I am really so impressed with all of your abundance of ideas and games and activities! Your ideas for games just shine and sparkle with so many activities offering lots of natural repetition, in a way that does not look awkward or strange to the weaker students, but just seems natural and keeps them safe and happy! And in fact everyone in class will benefit from this approach of course! They combine fun with so much repetition that weaker students can be the ones who get more listening practice as they can first listen to the stronger ones, e.g. in your relay game, where the same word is repeated over and over again. This way one can keep the weaker ones feeling safe in the group. This is extremely important for me, too, because I often have new students join an existing group and/or have to deal with mixed ability classes. Daniela Berntzen, Germany She saw a change in her pupils behaviour, even the problematic ones! After purchasing and using the English Language Games for Children games e-book, I see a big difference in my group of 6 year olds. We played our new games I truly saw a change in their behaviour. They participated and were very excited, even the boys that I had problems with. Now at every lesson they ask: What new game are we going to play today? Sylvia Karagiannis, Athens, Greece This teacher has changed the way she feels about teaching now I really am so glad I found your stuff...it has completely changed the way I feel about teaching now. Before it was something I had always stressed over....the planning, that is....although I am both Celta

and PGCE qualified I still found myself very stressed until every lesson was planned...which could take for ever. Since discovering your materials I sit down to enjoy the planning...and love the teaching. It uses the fun approach I believe in through the theatre work I have done, and you have given me the confidence to know it can be applied to language learning for this age group. The kids love it and so do the parents! Joanna Simm, France From the Author Be sure to contact me for your free bonus lesson plans and with any questions.
