Mary Ellen Munoz Page : ESL Intermediate/Advanced Grammar (English as a Second Language Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised ESL Intermediate/Advanced Grammar (English as a Second Language Series):

2 of 2 people found the following review helpful. A good solid book on English grammar By Customer Straight to the point, practical, and plenty of exercises. However, some concepts haven't been explored in great details (for eg. the (subtle) difference between "think of" and "think about" aren't mentioned). But overall a pretty good solid book! 3 of 3 people found the following review helpful. Five Stars By Lorenchen A great exercise book to improve your grammar skills, specially if Spanish is your native language. 3 of 3 people found the following review helpful. Pretty good By James Murphy I picked this one because it seemed to offer what other ESL books I have used in teaching did. It is adequate,

but not really as good. It's progression is awkward to me. There are a lot of good things about it, the lessons are adequate for their purpose, but the way it advances leaves me wishing it was building more on the past lesson rather than feeling we were starting out on a completely new tack.

Designed for intermediate and advanced high school- and college-level non-native speakers of English who need to improve their ESL (English as a Second Language) grammar skills. ESL Intermediate/Advanced Grammar provides students with simple explanations of grammar, skill-building exercises, detailed answer keys, and test-taking techniques. It's the perfect companion for classroom use or self-guided studies in ESL. DETAILS- Grammar-oriented exercises with simple explanations that allow students to master concepts through extensive practice- Test-taking techniques featuring strategies for success on ESL tests- Comprehensive Glossary- Superb preparation for students taking the TOEFL (Test of English as Foreign Language)
