**Andrea Nierenberg : Essential Business Networking: Tips, Tactics, and Tools You Can Use** before purchasing it in order to gage whether or not it would be worth my time, and all praised Essential Business Networking: Tips, Tactics, and Tools You Can Use:

1 of 1 people found the following review helpful. Best Book With Practical Networking AdviceBy jelarvIn building a workshop that includes a networking component Ive been looking for concepts I may have missed, which led me to

purchase the 8 books below from (some as used books). I spent about three hours (in total) scanning the books below and found Essential Business Networking Tips, Tactics and Tools You Can Use to have by far the most content and best organized. Some of the other books take a full chapter to cover a topic that's covered in one or two pages in this book. I've put the books I evaluated in order of the quality and quantity of their content, relative to all of the research I've already done on the topic of networking.

1. Essential Business Networking Tips, Tactics and Tools You Can Use
2. Savvy Networking (also by Nierenberg)
3. Make Your Contacts Count
4. Networking Like a Pro
5. Million Dollar Networking (also by Nierenberg)
6. Click
7. How to Be a Power Connector
8. Networking for People Who Hate Networking

0 of 1 people found the following review helpful. Good book! By I gray Good book, I was looking for a little more detailed. But for over all not a bad read. I will keep it for referrals....

This book is a simple read and a selection of the author's top tips organized into chapters that represent logical steps for building a powerful network. You don't need to start at the beginning. For example, if you already feel very confident about your business networking skills and want to use this book to meet some new friends you can leap ahead to start with Chapter 4. The author has digested and synthesized all of the tips and techniques into bite-sized action plans, so you can start implementing immediately.

From the Back Cover If you never read anything else about business networking, read this! Andrea Nierenberg has distilled the world's best networking techniques into a quick, step-by-step guide that won't just teach you: it will inspire you.
