The only way to be more thorough is to have a full length text with numerous examples.0 of 0 people found the following review helpful. Reference material is fine-hard to look up on KindleBy Randy B.I keep expecting books like this to be more easily navigated in their Kindle editions. The information you may need is probably here in the book, but it's difficult and "fiddley" to get to it on Kindle. A hard copy would be much better for a reference book of this sort.0 of 0 people found the following review helpful. Five StarsBy Bob PattersonGreat
