William Young, Richard Welford : Ethical Shopping: Where to Shop, What to Buy and What to Do to Make a Difference before purchasing it in order to gage whether or not it would be worth my time, and all praised Ethical

Shopping: Where to Shop, What to Buy and What to Do to Make a Difference:

How ethical are Disney, Nike, Gap, Walmart, Adidas, and The Body Shop? This handbook lists hundreds of major companies and shows how much or how little progress they have made in developing socially responsible codes of conduct for their suppliers. As concern grows about the condition of workers in developing countries, this book contains everything you need to know about ethical and fair trade. It empowers the consumer with advice on how to buy the right products, influence company purchasing policy, and campaign on these issues. Covering a wide range of goods and services such as clothes, hardware, electronics, food, furniture, health and beauty, and much more, Ethical Shopping provides everything you need to shop with a clear conscience.
