National Geographic Maps - Reference : Europe Classic [Tubed] (National Geographic Reference Map) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Europe Classic [Tubed] (National Geographic Reference Map):

1 of 1 people found the following review helpful. NOT a laminated map By maoI was looking for a laminated map and some of reviews mentioned this map was laminated, so I got one. However it is NOT a laminated map. The map itself seems great. it's printed with high quality paper...but I want a laminated one. So A little bit disappointed 2 of 2 people found the following review helpful. Buyer Beware By TennesseesteelersI wanted a large map of eastern/ central Europe that showed a lot of city names because I am traveling a lot in and around Germany. I ordered this with the map pins and they arrived very quickly to a APO address (less than 2 weeks). However, about half the map is of Russia. The map comes as pictured and is in good condition. I think this is as good of a map as I could have found anywhere so I wouldn't change my mind on my purchase but just be aware. 6 of 6 people found the following review helpful. Too much information By Hugh CurleyI needed a detailed map of Europe and this certainly provides the detail. However it is so packed with detail that it is sometimes difficult to find what I need. A very good, very detailed map.

National Geographic's Classic political map of Europe features clearly defined international boundaries, thousands of place names, waterbodies, airports, major highways and roads, national parks, and much more. The tasteful color palette, shaded relief, and coastal bathymetry make this map as attractive as it is functional. The countries and major cities shown include: Albania, Armenia, Austria, Azerbaijan, Belarus, Belgium, Bosnia Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Georgia, Germany, Greece, Hungary, Iceland, Ireland, Italy, Kosovo, Latvia, Liechtenstein, Lithuania, Luxembourg, Macedonia, Moldova, Montenegro, The Netherlands, Norway, Poland, Portugal, Romania, Russia, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey, Ukraine, and the United Kingdom. The map is packaged in a two inch diameter clear plastic tube. The tube has

a decorative label showing a thumbnail of the map with dimensions and other pertinent information. Map Scale = 1:8,399,000 Sheet Size = 30.5" x 23.75"

About the Author Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
