Wendy S Enelow and Louise M Kursmark : Expert Resumes for Career Changers, 2nd Ed before purchasing it in order to gage whether or not it would be worth my time, and all praised Expert Resumes for Career Changers, 2nd Ed:

0 of 0 people found the following review helpful. This is a terrific book! It is written for people who are ...By Augusta Rohrbach This is a terrific book! It is written for people who are experts themselves and want to move that expertise to other arenas. I have read a lot of books that want to offer advice and help readers, but this is one of the only ones that has been powerfully transformative. I think there are several reasons why it is effective. First of all, it is pitched to readers who are already professionals, i.e., serious about what they do and about the importance of doing meaningful work. Also--so many fantastic examples that help clarify--really--the key concepts that are necessary to understand in order to actively relate your background to what you are looking forward to doing. And, unlike a lot of books in this area, THIS ONE IS FOR GROWN-UPS! 1 of 1 people found the following review helpful. Excellent Reference for

ResumesBy John D. ArmstrongSearching for a new career is difficult enough given the times we are facing today. The last thing we need is a reference book that makes resume writing a rocket science. Expert Resumes for Career Changes is NOT one of those books. This reference takes all the mystery out of writing an effective resume. It provides tons of great common sense advice in your job search and easy to follow instructions for writing a great resume. The big plus about this book is that it provides tons of great examples written by experts that you can follow. Here, you'll learn to sell yourself to potential employers by drawing their attention to your resume. You'll learn to use keywords to represent your expertise and knowledge while making sure your resume leads the reader on where you want to go in an interview. The key to any successful job search is selling yourself to potential employers. This book will definitely help you accomplish that task. 4 of 4 people found the following review helpful. Need help? Purchase this bookBy chauncia3This book was very helpful by giving examples of different resumes and CVs for different work settings. It has been at least five years since I had written a resume and someone asked me for a CV and I didn't even know what that was. This is the book to purchase to help with all of those questions.

This collection of resumes is aimed at people who are transitioning from one career to another. The down economy has forced millions of people to change jobs or industries in order to stay employed. This book gives strategies as well as 180 pages of sample resumes for successful career changes. The authors present sound resume writing advice, including how to create and use an electronic resume. The appendix includes Internet resources for an effective online job search. New for this edition are completely updated resumes, a new chapter on writing cover letters, and a collection of cover letter samples.

About the AuthorWendy S. Enelow is a lifelong entrepreneur who specializes in executive career coaching, executive resume writing, and executive job search.
