It did not have my specialty, but I could use it regardless based on the information listed within in it. I consider all parts of healthcare professional, so I wish they had put in Medical Administrative Assistant, Healthcare Coordinator and Billing Specialist, but I have enough of an idea how to use what is before me to help create a great resume for my return to the workforce in a new field. It was well constructed and had great sample resumes.0 of 0 people found the following review helpful. AwesomeBy CustomerAwesome book.
