Steven Lubet, Elizabeth Boals : Expert Testimony: A Guide for Expert Witnesses and the Lawyers Who Examine Them before purchasing it in order to gauge whether or not it would be worth my time, and all praised Expert Testimony: A Guide for Expert Witnesses and the Lawyers Who Examine Them:

0 of 0 people found the following review helpful. I was like a fish out of water trying to learn how ...By Neill got an expert Witness Gig that actually required me to "represent" another doctor to defend his medical privileges. I was like a fish out of water trying to learn how to develop cross-exam questions. This book didn't explain laying a foundation, and it didn't give much explanation of objections. But it did a great job of clarifying the purpose of a cross exam versus a direct exam, so it got me going on the right course. It was better than any other book I could find.

Order two copies of this book: one for yourself and one for your expert witness. It will give experts the confidence they need to be comfortable in court, and give you the skills necessary to emphasize the credibility of your experts. You can avoid pitfalls such as unintentional signals, inappropriate demeanor and appearance, and awkward body language by using *Expert Testimony: A Guide for Expert Witnesses and the Lawyers Who Examine Them*, Third Edition as your guide. Elizabeth Boals and Steve Lubet coauthored the Third Edition of *Expert Testimony: A Guide for Expert Witnesses and the Lawyers Who Examine Them* expanding and amplifying the original book with: New guidance on the development and presentation of expert testimony in the digital age, including discussion of visual aids and electronic discovery Updated analysis of the Federal Rules of Evidence and Federal Rules of Civil Procedure Updated discussion of the ethical rules governing expert retention and testimony Examples of expert witness examinations and detailed discussion of techniques for coping with lawyer questioning Checklists for quick reference The collaborative effort of Professors Lubet and Boals has resulted in a Third Edition that is worthwhile to both the expert witnesses and the lawyers who examine them.
