Exploring Your Future: 200 Hundred Career Options is a valuable career research encyclopedia for High School students, as well as their parents and counselors, in determining the right academic and career path for their interests. This reference will give high school students the opportunity to explore over 200 careers across various disciplines. The careers chosen for this list are a mixture of traditional career paths such as doctors, lawyers, and accountants to non-traditional ones such as entertainers, writers, and artists. The range of education on these careers ranges from high school education to post-graduate work.
