From Hendrickson Pub : Expository Dictionary of Bible Words: Word Studies for Key English Bible Words Based on the Hebrew and Greek Texts before purchasing it in order to gage whether or not it would be worth my time, and all praised Expository Dictionary of Bible Words: Word Studies for Key English Bible Words Based on the Hebrew and Greek Texts:

4 of 4 people found the following review helpful. Expository Bible Word DictionaryBy Carolina JimThis is a very good, concise and easy to use book. However there are some errors in it where wrong scripture references are used(ie-

Page 470 under NT words: 2nd ppg, 3rd line should be LUKE 6:24) Otherwise this is an excellent reference work. 1 of 1 people found the following review helpful. The book is easy to use as a quick reference. By Sandra S. Lang The book is easy to use as a quick reference. I especially like how the Old and New Testament words are included even though they are different original languages. 0 of 0 people found the following review helpful. Five Stars By Calvin P. thanks

Everyone who studies the Bible wishes at some point that he or she knew the original Hebrew or Greek in order to better understand a difficult word or passage. The "Expository Dictionary of Bible Words" gives readers the fruits of a working knowledge Hebrew and Greek without the years of language study. The "Expository Dictionary of Bible Words" is more than just a handy and thorough alphabetical guide to the English translation of the Hebrew and Greek words used in both Testaments. There are thousands of articles, all arranged alphabetically by English word and coded to "Strong's" numbering system for ease of use. Each article is divided into two sections Old Testament (Hebrew) Words and New Testament (Greek) Words with an entry for the Hebrew or Greek word along with its transliteration, translation, range of meaning(s), and comments on its use in different biblical contexts. A comprehensive system of cross-references aids the reader in finding different words as well as discussions of related words and themes. Although reference works like "Vine's" and "Englishman's" have long aided Christians in understanding the nuances of different biblical words, the "Expository Dictionary of Bible Words" surpasses all available reference works. The Additional Notes to articles throughout the volume provide valuable and insightful information on the connections between Old and New Testament words and themes."

About the Author Stephen D. Renn has served as the Head of Biblical Studies and Academic Dean at the Sydney Missionary and Bible College, lecturing in Old Testament and Biblical Hebrew (1986-2001). He was Principal of the Sutherland Shire Christian School from 2001 to 2003 and is currently Coordinator of Language Teaching at Inaburra School in Sydney, New South Wales, with additional responsibilities for the teaching of history and Bible."
