Punit Raja SuryaChandra, EZ Solutions : EZ Solutions - Test Prep Series - Math Review - Logic Stats - GMAT (Ez Solutions: Test Prep Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised EZ Solutions - Test Prep Series - Math Review - Logic Stats - GMAT (Ez Solutions: Test Prep Series):

6 of 6 people found the following review helpful. A Honest Review of Logic and Stats By J-Gizmo I have yet to find a better book on Logic and Statistics. Believe me; I own GMAT books from several other companies. From the first page of the EZ Solutions Logic and Stats book, you will be guided through examples of how to solve the type of Logic and Statistics questions that will appear on the GMAT Prep and Princeton Review's Practice GMAT Exams. In my opinion, this book is perfect for anyone who wants to become knowledgeable in the areas of Logic and Statistics. Furthermore, this book assumes you have no knowledge of Logic and Statistics. Prior to this summer, I had not taken a

Statistics course in 10 years. During my undergraduate years, I was a Psychology and Classical Civilization major. Unfortunately, I was not a great student of Statistics. At times, I struggled with Probability, Venn Diagrams, and Permutation. Fortunately, I was strong enough in other areas of Statistics to pass three Statistics courses during my undergraduate studies. In my junior year, I decided to take Deductive Logic; unfortunately, I learned quickly that I did not have adequate Logic skills to pass the course, so I retook the course at another university that summer. While I have not taken the GMAT, my opinion still has merit. This past summer, I ordered the Logic and Stats book before taking a non-graduate Business Statistics course through a top-tier business school. Without this book, I doubt I would have done as well in the Business Statistics course. Finally, I understand Probability, Venn Diagrams, and Permutation. I owe it all to EZ Solutions! If EZ Solutions had made its series of book while I was in college, I would have been a Math major.

The topics in this book are well organized and the content is easy to understand. I found the book to be especially comprehensive in its coverage of each topic. It is a very helpful book if you have been out of touch with math for some time. This book will definitely help to refresh the math skills you learned before, and the explanations/solutions to each math problem is very clear. On comparison with other practice books, I found this book to be much better. If you are sincere about doing well on the GMAT, and diligent enough to work through each math problem, then this is the book to get. Upon completion of the problems in this book, you will feel well prepared and more confident about handling the questions on the GMAT. I would highly recommend getting this book if you want to get a higher score.

In order to get a real GMAT prep - I would recommend you use the EZ Solutions series of 10 books, or whichever book(s) you think you need most help with. These books are very detailed oriented and cover everything on the GMAT math. First use the review modules to get the concepts and then use the workbooks for practice. Some of the most challenging math topics, such as basic arithmetic and number properties, algebraic concepts, complex word problems, logical reasoning problems, etc., are brilliantly explained in these books. Just because of the high price of the book, you can skip the math strategies book. However, the EZ basic workbook is a good refresher to get started and advanced workbook is a "must have" if you are aiming for a high score. After doing all this, use the OG and you will see a dramatic difference in your scores. You don't even have to take any of those pricy courses. I followed this process and my scores have jumped from the 500-range to the 700-range. Good luck in your prep.

EZ - Simplified Solutions The Breakthrough In Test Prep! Leaders in Test Prep Solutions We make it EZ for you! Key Advantages: * User Friendly Step-by-Step Methods * Powerful Test Taking Strategies * Effective Problem Solving Techniques * Time Saving Test Taking Tactics * Easy to Read, Carry, and Manage * Multiple Methods for each Concept * One Stop Test Prep Program * Test Prep Series in Modules * Questions with Detailed Explanations * Global Use for Students Around the World Review Prepare Reinforce Practice Succeed * Review with our EZ comprehensive content knowledge review * Prepare with our EZ effective and efficient methods * Reinforce with our EZ powerful test-taking strategies and shortcuts * Practice with our EZ test-like solved examples, practice exercises, and workbooks Get Smarter Perform Better Score Higher Succeed It s that EZ!!

Math Series of Books: * EZ Arithmetic * EZ Algebra * EZ Applications * EZ Geometry * EZ Word Problems * EZ Logic Stats * EZ Basic Workbook * EZ Advanced Workbook * EZ Math Strategies Module

Verbal Series of Books: * EZ Grammar Foundation * EZ Vocabulary Essentials * EZ Reading Comprehension * EZ Writing Skills * EZ Sentence Correction * EZ Critical Reasoning * EZ Basic Workbook * EZ Advanced Workbook

Your Personal EZ Tutor: * EZ Strategies * EZ Rules * EZ Facts * EZ Warnings * EZ Shortcuts * EZ Steps * EZ Hints * EZ Exceptions * EZ Tactics * EZ Multiple Methods * EZ Tips * EZ References * EZ Definitions * EZ Summaries * EZ Notes * EZ Spots * EZ Problem Set-Up * EZ Problem Explanations * EZ Solved Examples with Detailed Explanations * EZ Practice Exercise with Detailed Explanations

Add-On Options: *EZ 1-2-1 Tutoring over the Phone/Online * EZ 1-2-1 Consultation over the Phone/Online

Additional Benefits: * Explore your potential so that you can perform at your optimum level * Our commitment towards your satisfaction: reinventing, redesigning, redefining success * Our books will stimulate, activate, and accelerate your learning process * Everything is highly structured and organized in a systematic manner * Many more solved examples and practice exercise questions with detailed explanations * Remarkable and noticeable improvement in your performance by utilizing newly acquired learning skills

Important Note: It is not necessary; however, in order to obtain the best results, we recommend that you make use of our entire set of books. All the books in this series are available for purchase and immediate shipping. Our Guarantee: We are so confident in our books that we are offering the EZ-peace-of-mind-no-hassle guarantee so that you can buy our books with complete confidence.
