One of the best conversation starters I have ever seen! Fun to color and will leave you laughing.By KathyThis is one of the greatest coloring books ever! Way too funny. Everyone that has seen it so far has wanted to steal mine! I had to tell them all where I bought it. If you have ever wondered how to tell someone off in their own language, this is the perfect coloring book for you. Each page has a different country and an image that is associated with that country. Then it tells you exactly how to say f you in that country. The images are all extremely

detailed and very artistic. It definitely relieves stress saying f you a million different ways. You can't help but laugh. Its a great conversation piece to say the least!! As long as someone doesn't swipe it! So much fun!1 of 1 people found the following review helpful. Hilarious!By JacquelinThis is my review for the ***** *** Around the World: Swear Word Coloring Book.When I saw this book I couldn't believe it was real. Due to the nature of my job, I do tend to swear a little (nonstop, all the time). So to have a coloring book that shares both of my passions is kind of amazing. Not to mention, in addition to stress reduction, I am now learning other languages! It's a win-win!The book is really great. It has a sturdy cover which is great because I tend to destroy things. I also like that the pages aren't too intricate. A lot of bigger areas to color, because obviously I can get very busy, and must stop everything at the drop of a hat. If the pages were too highly intricate it would take me weeks to finish just one. For me, this book is perfect. I love to color and I think the foreign "phrases" were a fun idea!I received this product at a discount in exchange for an honest review, which I take very seriously. I strive to be as honest and as thorough as possible when reviewing products because when I shop online, I rely heavily on real-life reviews and real-life photos. I hope this review helps you!
