**Catherine Goulet, Jan L. Riddell, Tag Goulet : Fabjob Guide to Become a Wedding Planner (With CD-ROM)**  
before purchasing it in order to gage whether or not it would be worth my time, and all praised Fabjob Guide to Become a Wedding Planner (With CD-ROM):

0 of 0 people found the following review helpful. WeddingsBy Adrienne CordrayI like the book really have not read it yet just glanced over it. And from I saw I feel like I will find what I need.20 of 20 people found the following review helpful. Wedding Planner/Coordinator GuideBy Jennifer BradleyI loved this book because it didn't totally focus on the aspect of becoming a wedding planner, but also the more silent topics. It provided me with perfect examples of

purchase orders, service requests, billing, and the how to's of marketing my future business. One can apply the information in this book to almost any personal business with a little tweeking of words and services, of course.... Highly recommend the FabJob Guide to becoming anything your heart desires!!!0 of 0 people found the following review helpful. It's a reasonably decent bookBy J. B. DianI bought it used for a minimal price. Considering the original retail price on this book, I was expecting the penultimate guide to wedding planning. As a gift for my daughter, it was okay but didn't tell her much that she already didn't know.

The wedding business is a \$45 billion a year industry. With more than 2.4 million weddings taking place in the U.S. in 2004, there are more opportunities for wedding planners than ever before. Wedding planners have an exciting high-paying job that lets them use their creativity to organize the happiest day of peoples lives. No special education is necessary to succeed in this career. This book explains how to plan a wedding, including how to prepare a timeline schedule and budget, a step-by-step list of all tasks involved in planning a wedding, how to plan the ceremony and reception, how to select reputable vendors, and how to negotiate contracts and save money. The CD-ROM included with the book has many forms and checklists to use in wedding planning. This book also provides information on more than a dozen types of employers that hire wedding planners, how to find job openings, how to prepare a resume, and how to do well in an interview. Additionally, the book covers how to start a wedding planning business with little or no money and explains how to price services, find potential clients, create an impressive portfolio, and where to get creative ideas for weddings. Visit FabJob.com for career guides. This book is now a textbook for the International Association of Professions Career College. Wedding Planner Certificate Courses are available from the publisher's website.

"This 'seminar in a book' teaches all you need to know to become a professional wedding planner" --Cathy Harris, International Association of Professional Wedding Planners"This in-depth guide is a must read for anyone who wants to become a wedding consultant" --Robbie Ernst III, Author, Great Wedding Tips From the Experts"A wonderful surprise! Informative, detailed, and jam-packed with tips for the aspiring bridal consultant." --Debbie Tobias, Wedding CoordinatorAbout the AuthorThe contributors to this guide have planned hundreds of weddings of all kinds. Between them, authors Catherine Goulet and Jan Riddell have planned weddings and other events in the U.S., Canada, Bermuda, Barbados, England, Ireland, and Australia, among other countries.
