Mark Simon : Facial Expressions Babies to Teens: A Visual Reference for Artists before purchasing it in order to gauge whether or not it would be worth my time, and all praised Facial Expressions Babies to Teens: A Visual Reference for Artists:

0 of 0 people found the following review helpful. Many faces and expressionsBy SpotsThis would be so great in a digital version where you could enlarge the photos enough to see them easily. More angles of view would have been helpful. It might help you or it might not.0 of 0 people found the following review helpful. Five StarsBy lacey hargroderWonderful reference books for 2-D and 3-D artists!!0 of 0 people found the following review helpful. Great Book for Character Artist!By ChristianThis book works great for me! I am a Character Technical Director and thanks to this I get to build some way more realistic blendshapes for faces I can't make myself.

Babies are so unpredictable. You put them down in one place, you never know if theyll be there when you come back. And dont even get us started on kids and teens. Artists have it particularly rough with volatile young people, because

their facial expressions are just as fleeting. Happy one minute, sad the next. Puzzled for a second, then astounded. Facial Expressions Babies to Teens solves the artists problems with a dazzling array of more than 2,500 photographs of fifty babies, kids, and teens demonstrating every human emotion through facial expression. Artists, animators, cartoonists - everyone who needs to capture any look from babyhood to age 19 must have a copy of this fascinating reference. With extra sections on anatomy, hats, and close-ups of phonemes, plus a remarkable age-progression gallery, Facial Expressions Babies to Teens is the only book an artist can really depend on. And we promise it will stay right where you put it, every time.

About the Author Mark Simon owns AS Animation, a cel animation house, and Animatics Storyboards, the largest storyboard house in the south. His previous books include Facial Expressions and Storyboards: Motion in Art. He lives in Orlando, Florida.
