The writer apologized in the forward for not having been able to find information on Lorca's emotional life, which I wish I had read in "open me" before I purchased the book. Hence, the

text was a general chronology of this happened and that happened which is not a satisfying read for me. Frankly, rather boring. 0 of 0 people found the following review helpful. exceptionally fine biography By Ronald Christ An exceptionally fine biography and introduction to Lorca, both detailed and over-arching. I commend the book highly. 0 of 0 people found the following review helpful. Lorca rocks! By Dr. Steven J. Smith Excellent biography . Well researched and written.
