I'm not fond of writing action scenes and it was showing in my new book I'm writing. When an author starts to hate a book their characters because they have reached their limits trying to make it work well? That book is in trouble! I'm so glad I have this book new tools to use to help me develop stronger action scenes for my books! Thank you! 3 of 3 people found the following review helpful. I got the gory details for my novel without having to shoot off someone's head or strangle them myself. Excellent resource! By Virginia I am so so sooooo grateful to have found your book! There is so much information in there and such perfectly described details that I couldn't find anywhere else. For my novel, I needed to describe a strangulation but how could I do that if I had never been strangled. The same with the beautiful disgusting descriptions of guts and gore that I needed, having not witness a gunshot or a beheading before. The weapons have been so useful, all in one place. This book is worth so much more than you charge. Thank you so much for writing it! 3 of 3 people found the following review helpful. Five Star Thanking The Author For This Work! By JACK BANET This is an excellent tool that I don't want other scribes to have access to. I think the bad reviews are being posted by people who are under the impression that there's a book out there that will write their book for them... Sorry that doesn't exist. You use tools like this to keep the ball rolling and it takes off from there. If you love to write, this is going to excite. Period. Five stars from a guy with a big library. Off to buy another edition. Thank you!

This short 60-page sampler of the Writers' Phrase Books series is sure to help authors of action, fantasy, horror, and sci-fi get past writer's block. It contains over 500 exciting ways to describe weapons, wounds, wild animals, weather, emotions, dangerous places, and more, plus a combat thesaurus that covers everything, from attack to defense, ranged to melee, and from monsters to magic spells and psychic powers. Standalone books in this series include Action, Fantasy, Horror, Post-Apocalypse, and Science Fiction, all by #1 best selling author, Jackson Dean Chase.

"...This book has saved my writing."--Jessalyn Susu, author of Fathers Son "This book is packed with phrases to build on!"--Tammy Tate, author of The Spirit Path "Get this, it's invaluable."--Michael J. Elliott, author of Portraits of Dread "I'm so glad I have this [to] help me develop stronger action scenes for my books!" S.L. Morgan, international best selling author of the Ancient Guardians series
