Leslie Halliwell : Filmgoers Companion (Halliwell's Who's Who in the Movies) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Filmgoers Companion (Halliwell's Who's Who in the Movies):

There is no reference like it. It is reasonably complete, at least with respect to English and American films (I have found over the years only a few omissions). And you get not only the basic information (cast, credits, running time, date), but also often a useful rating and a few opinions from reviewers or others -- either contemporaneous or later. Highly recommended.0 of 0 people found the following review helpful. You will enjoy thisBy Rick L. StrombergSnapshot reviews of movies on TV and Cable. Well done! This latest edition of Halliwell's Filmgoers Companion continues to provide an unmatched wealth of information on thousands of American, British, and European actors, directors, writers and producers, from the earliest pioneers of cinema to today's hottest box office stars. In its pages, movie buffs will find biographies, filmographies and a complete listing of Academy and European film award winners. In addition, unlike its competitors, this remarkable resource also contains special features such as: entertaining quotes from actors, directors and critics from around the world; entries on fictional characters and popular film themes; the Halliwell "rosette," which recognizes the outstanding achievers of the industry; a brief chronological history of the cinema; and a specially selected list of recommended books on film history. Now in its 12th edition, Halliwell's Filmgoers Companion has been in continuous publication for more than 30 years, and its reputation as the most comprehensive and authoritative reference on the film industry is well deserved. It is a must for movie fans, students, teachers, critics and anyone else who loves the magic of the silver screen.

.com A standard directory of actors, directors, and film technicians, this book has since been superseded by more detailed one-volume guides such as Ephraim Katz's *The Film Encyclopedia*. Still, Halliwell's *Filmgoer's Companion*--now in its 12th edition--continues to be updated and contains a number of special features the competition doesn't have. Most notable are its citations of quips by famous actors and directors (Errol Flynn: "My difficulty is trying to reconcile my gross habits with my net income"; Alfred Hitchcock: "The cinema is not a slice of life, it's a piece of cake"); its discussion of characters, events, and motifs as they play out in film history (e.g. Tarzan, *The Gunfight at the OK Corral*, "custard pies"); and its bestowing of special awards to the men and women who have produced significant work in the movies. The volume's appendices, which include guides to further reading, a brief history of the cinema, critical "best films" lists, complete notations of film festival prizes, and every Academy Award given through 1995 make it a terrific source of information. About the Author John Walker is one of the UK's leading film critics. He has revised Halliwell's *Who's Who in the Movies*, as well as Halliwell's *Film and Video Guide*, since Leslie Halliwell's death in 1989. He lives in London.
