**Scott Smith : Find Your Perfect Job: The Inside Guide for Young Professionals** before purchasing it in order to gage whether or not it would be worth my time, and all praised Find Your Perfect Job: The Inside Guide for Young Professionals:

1 of 1 people found the following review helpful. Still reading...but interesting and makes you think aheadBy Sean Storm5 stars ..... Great book1 of 1 people found the following review helpful. Great Book and Responsive Author!By JohnI sent Mr. Smith an email to get some more insight from him and he responded back to me with even

more great advice than what his book provided. I learned a lot while reading the book and Mr. Smith does a great job addressing anyone who is looking to find a new job or possibly make a career change. I strongly recommend this book looking to learn more about what their perfect job would be! 5 of 6 people found the following review helpful. The book every jobseeker needs!!!! By Christopher Sylvester "Find Your Perfect Job" delivers what every jobseeker needs! Smith's easygoing, supportive, and occasionally humorous writing style makes this information-packed book a fast, enjoyable and extremely worthwhile read. The book is most impressive in that it seamlessly combines a valuable tool set for use in identifying your career interests with straightforward steps on how to reach the goal of landing a perfect job. These positive features are rarely seen in comparable books on the market. As a recent career changer, I found Smith's method of evaluating my personal strengths and interests extremely useful in determining my next career move. His interview preparation section was also spot on as I used it effectively throughout my interviewing process from getting an initial interview to successfully receiving my desired offer. Smith's unique personal anecdotes found throughout the text take the book to another level. He backs up his methods with plenty of interesting examples. He has been in the trenches in the corporate world and in post-graduate education and he levels with you on the reality behind the brochures. The man definitely knows of what he writes! His logical argument against law school is devastatingly effective and will make all but the most ardent believers think again before following that route. His analysis of business school is far more favorable, but it is also done in an objective, logical manner. This section is a critical read for anyone interested in pursuing post-graduate education in these areas. Most importantly to any potential reader, Smith has been there before you in all these important career-determining situations. Through the benefit of his hard won experience, Smith gives you a user-friendly book that provides invaluable insight at a bargain price. In short, "Find Your Perfect Job" provides the tools and information necessary to make the right decisions and reach your ultimate career goals.

**LEARN THE INSIDER SECRETS TO FIND YOUR PERFECT JOB -- GET THE ONLY REAL-WORLD CAREER GUIDE FOR YOUNG PROFESSIONALS** Young professional who cracked Wall Street, Washington, Hollywood, and Silicon Valley, while earning an MBA and law degree along the way, shares everything he learned about job searching, careers, and graduate schools in this complete guide for young professionals. Written in a concise, highly readable style, the author pulls no punches, giving you the inside scoop and telling you what the other career books are afraid to! Use this book's revolutionary system to identify and land your dream job. Make the best choices for you at each juncture of your career, from college into your 30s. Find out: \* How to create a comprehensive profile of the best job for you \* How to get around HR gatekeepers and reach the actual hiring manager \* Invaluable resume, interview, and networking tips \* The differences between business school and law school \* What law school and being a lawyer are really like \* The NUMBER ONE question to ask yourself to identify your Perfect Job This book is different than the other job-search books: Most job-search books are written by career counselors with little or no outside professional experience. In contrast, the author of this book draws upon his 17 years of successful professional experience and personal career development, including completion of business school and law school. This book is tailored for young professionals: everyone from college students to professionals in their 20s and 30s who are trying to find the best job for themselves. The author has personally confronted nearly all of the job-search questions and situations young professionals face in the modern era and shares all the answers in this brand new career guide.

**About the Author** Scott Smith's unique background includes succeeding in multiple careers in the business, legal, and academic worlds, and his career advice has appeared in national media, including U.S. News World Report. His resume includes working in advanced positions at a major Hollywood movie studio, a Washington, D.C. law firm, a Wall Street investment bank, a world-renowned university, and the United States government. Scott earned a bachelor's degree from Bowdoin College, a JD from Boston University School of Law, and an MBA from The Wharton School of the University of Pennsylvania. He currently lives and works in Boston, Massachusetts.
