**Editors of Fine Cooking : Fine Cooking Appetizers: 200 Recipes for Small Bites with Big Flavor** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fine Cooking Appetizers: 200 Recipes for Small Bites with Big Flavor:

I cater a community theater's opening night reception for the audience, cast crew (about 50-60 people) and I need a wide range of savory and sweet food items. This cookbook has become my go-to cookbook among the 15 appetizer cookbooks I own. I bought mine used but this price is a great deal for very useful cookbook 3 of 3 people found the following review helpful. This is a surprisingly slim volume that has

its share ...By DonarvonThis is a surprisingly slim volume that has its share of standards as well as a few new and interesting items. I bought it for a cocktail party I was having and really wanted to be more inspired by the book than I was.1 of 1 people found the following review helpful. Buyer Beware! Kindle version is NOT the book advertised!By CrystalThe Kindle version is NOT the same as the book version! The hardcopy features 200 recipes, while the Kindle version has only a couple dozen, including three that are versions of spreading cheese and jelly on crackers.Very misleading!
