One really great thing they have been doing with their compilation books recently is adding what album the song was transcribed from. It use to be a guess before.I bought this book almost exclusively for the two Leo Kottke tabs from the 6 12 String Guitar album - Jack Fig and Watermelon, but there are several other gems I looked forward to learning from this book. I also have the Stropes HL Kottke book with the live Jack Fig tabbed. I used a slow down tool to both compare the two tabs and try to get the

tab as accurate as possible. This book gets pretty close. They also created some new tabs for this book, The Boxer is a new tab compared to an older one they made for the HL Acoustic Guitar White Pages book. Some have not been updated, and unfortunately the Dust in the Wind tab in this book does not include the violin for guitar part (as some other HL tabs have). I also compared the Classical Gas tab to an old one from a GFTPM magazine, and the HL tab seems just as accurate, possibly more so. Song list: America - John Fahey Anji - Simon Garfunkel Avalon Blues - Mississippi John Hurt Blackbird - The Beatles The Boxer - Simon Garfunkel Cascade - Chet Atkins Causeway - Alex de Grassi Cavatina - John Williams Classical Gas - Mason Williams The Claw - Jerry Reed Cross Road Blues (Crossroads) - Robert Johnson De Trilport A Fublaines - Pierre Bensusan Dee - Randy Rhoads Deep River Blues - Doc Watson Desperate Man Blues - John Fahey Drifting - Andy McKee Dust In The Wind - Kansas Hard Time Killing Floor Blues - Chris Thomas King Helplessly Hoping - Crosby, Stills Nash Jack Fig - Leo Kottke Julia - The Beatles Layover - Michael Hedges Lewis Clark - Tommy Emmanuel Little Martha - The Allman Brothers Band Mister Sandman - Chet Atkins Morning Is The Long Way Home - Leo Kottke Song For George - Eric Johnson Tears In Heaven - Eric Clapton Time In A Bottle - Jim Croce Watermelon - Leo Kottke

NOTATION TOO SMALL TOO READ!!!! DO NOT BUY DIGITAL COPY!!!! By Randy Buchholz
The content is pictures or some format that cannot be zoomed in on using text tool. The notation is so small you cannot read them much less play and read. I am not happy with this at all I tried all mac stuff and the kindle same results. Do not buy digital copy... Please tell me if I am missing something function wise with the kindle or Mac.... 0 of 0 people found the following review helpful. Not a beginner book
By TROY
Great book, it's not for beginners. In fact, you really want to have some fingerstyle/classical chops already to get the most from this book. It's not a technique book, it's a song book of fingerstyle material.

(Guitar Recorded Versions). Note-for-note fingerpicking arrangements with tab for 30 favorites, including: America * Anji * Blackbird * The Boxer * Classical Gas * Cross Road Blues * Drifting * Dust in the Wind * Helplessly Hoping * Jack Fig * Julia * Little Martha * Mister Sandman * Morning Is the Long Way Home * Song for George * Tears in Heaven * Time in a Bottle * and more.
