Mary Masi : Firefighter Career Starter 2e before purchasing it in order to gage whether or not it would be worth my time, and all praised Firefighter Career Starter 2e:

0 of 0 people found the following review helpful. Not helpful.By A ReviewerI did not find anything useful in this book. If you are looking to start a career in the fire service, the best advice is to go to your local station and ask the firefighters. They will be happy to give advice and will know specifically what you need to do to get a job in that particular area. If you really feel the need to read this book, go to the library! If this exact book isn't available, there are sure to be other similar books to help you get started.17 of 20 people found the following review helpful. An exciting and helpful work on becoming a firefighter.By A CustomerThe author clearly presents the process one must go through to become a firefighter. She offers tips on passing the written, as well as physical, exams and is very

encouraging throughout. What I also enjoyed were the one page statements made by firefighters themselves at the end of each chapter in *THE INSIDE TRACK*. Schools are listed as well as organizations to help finance an education in this field. Professional Associations are also provided at the end of the book. If you'd like a quick and thorough look into the world of the firefighter, this is a book for you.

Critical advice for people considering a career as a firefighter on how to succeed at the competitive application process.

From the Publisher This series offers entry-level job seekers the perfect first step to careers in these growing fields. Each book features the hottest jobs in each career area, easy-to-read requirements for each job, leading providers of training programs for the specific career area, financing for training, tips for success, and much more. Ideal for young job hunters who want to know where the opportunities are.
