Charles Carlut, Walter Meiden : French for Oral and Written Review, Fifth Edition (English and French Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised French for Oral and Written Review, Fifth Edition (English and French Edition):

25 of 25 people found the following review helpful. "Simply the BEST Review of French Language Available By Robert L. Mazzola I don't need a thousand words to extol the virtues of this compact, totally accessible (to those interested in French at any level of study) handbook of French structure. When I taught French at the university level, this was the only French text students uniformly praised for its clarity and abundance of usable examples of the grammar and idiomatic points it presents. If you have been frustrated in the past by the two extremes in such texts (the hopelessly obtuse--for the beginner and intermediate students at any rate-- on the one hand, and the simply minded childish on the other), Carlut and Meiden will come as a refreshing breath of common sense. HIGHLY

RECOMMENDED. --R. L. Mazzola, PhD8 of 8 people found the following review helpful. Useless without an Answer KeyBy OCD FoodieI called and wrote many people at the publisher and even ordered a copy from them to show them I was serious, but they would not sell me a copy unless I was a teacher. Despite the detailed content of the book, I must ultimately give it a bad rating as the price can't be justified when you can't verify your answers.0 of 0 people found the following review helpful. This is surely the best intermediate-advanced review of French grammar still availableBy annaThis is surely the best intermediate-advanced review of French grammar still available. Every aspect of the language is covered with abundant excercises.

This text is designed to review all the common elements of French grammar, both orally and in written French. To that end it is provided with numerous all-French exercises and English-to-French translations on various phases of the French language and with a set of tapes containing numerous structure drills.

1. Interrogatives. 2. Adjectives. 3. Adverbs. 4. Use of Tenses. 5. Personal Pronouns. 6. Past Tenses in Narration. 7. Possessives. 8. Principles. 9. Demonstratives. 10. Relatives. 11.
