and orthography. Even if you've been learning for a while, it's a great resource to have available. Further along in the book, it describes almost every word you will need while speaking French with your friends and acquaintances. Everything is set up in tables and graphs, which makes it much more appealing to me and easier to understand. I highly recommend this book to anyone who would like to learn the language to its maximum potential; I won't be putting it down anytime soon. 2 of 2 people found the following review helpful. Wonderful Read, Great for Beginners and as a Refresher!!! By Patricia I decided to buy this book after reading the reviews. I have always wanted to learn French so that I can retire to Paris one day. Eventually anyway. I love how in depth this book is! It has everything from pronunciation, greetings and describing a place to going out, getting friendly, and asking a favor. My favorite part of this book was the Getting Friendly section. It made me giggle and I practiced some of those on my husband. I cannot wait until we get to go to Paris next year! This book is staying in my library! 0 of 0 people found the following review helpful. Makes Language Learning Fun!! By Kaylee This book had me cracking up. I bought it to learn French, but I didn't think I would have this much fun with it! There are so many phrases in this book that you will not learn in a formal language classroom (I teach ESL and have a degree in Spanish). Chapter 7 and Chapter 10 were by far my favorites, but all of them are great! I would definitely recommend this book to those who want to learn French!

All the essential French Slang you need to speak like a native. Let's face it, real-world French doesn't sound like it just came out of a stuffy formal textbook. This book will help you sound like an actual human being from the 21st century. Now you can learn and understand everyday French conversations - the kind you can hear spoken by native speakers on the street, in movies and TV, and, more importantly, in real life! Straightforward, no fluff and fillers French Slang gets straight to the point, offering you 12 sections of more than 600 words and phrases. No unnecessary fluff included, just straightforward, practical vocabulary that allows you to navigate the most likely scenarios you'll encounter. It may be concise, but it's still comprehensive: Similar books in the market only have 400-500 words and expressions, yet generally cost a great deal more. A fun way to expand your vocabulary. Learn new expressions and vocabulary that range from wholesome to slightly provocative and enjoy a few laughs every now and then. Your newfound natural-sounding conversational skills and authentic French are guaranteed to impress your French-speaking friends. Never misuse slang ever again. The e-book contains annotations beside some words or phrases. You'll notice a (P) or (O) which will let you know if the term or expression is (P) popular and widely-used or (O) can be considered offensive by some. This will eliminate the risk of offending anybody or committing a social faux pas. (P) is your green light to go ahead and use the term/ expression right away. (O) is a warning to use it sparingly and with caution! Some examples: *à la va?* (P) - How are things? How are you doing? *Comme ci, comme ça* (P) - So-so. *Chiant* (P) (O) - Boring. In the case of *Chiant* (P) (O) it means this is a popular word but also not really appropriate to use. Special bonus: It includes a FREE pronunciation guide with MP3! New! Free audio available now. Technical Details: 600+ slang words and expressions. Pronunciation guide with Mp3. Now with audio. Download this e-book to start speaking French like a native today!
