1 of 1 people found the following review helpful. More like a quick start bookBy Phil LintonWould be nice if it offered more content as well as tips for apps that are useful eg: music player, video playback.0 of 0 people found the following review helpful. Assumes one has had experience with an earlier Android smartphone ...By LindaLouAssumes one has had experience with an earlier Android smartphone. No photos or illustrations. Very small booklet. Mostly info on advanced features that the beginning user could care less about. Not helpful at all. Did not get me Quick Started!1 of 1 people found the following review helpful. Really???By C EarlyA very generic user's guide that barely scratches the surface of all the features available on the Galaxy S7. Sad...
