Going in my library of recommended reads for clients! By Rick Clemons I'm not a career coach, but career stuff keeps coming up with all my clients, especially how to get a job, and not just any job. I'm always looking for good books to refer to my clients. A fellow coach suggested, "Get A Job," no not that I get a Job LOL, get this book. I did, I skimmed it and found it useful and then said, "What the heck, read the whole thing." I did and that's why this is now on my recommendations lists when I get a client that is job seeking. 0 of 0 people found the following review helpful.
