0 of 0 people found the following review helpful. a great summary of steps to get you hiredBy AnnThe information in the book is well presented and easy to follow. The exercises are straightforward and if followed through prepares one for the job market. Highly recommended for anyone starting a job search.

This self-directed guide can help you to better understand the six major factors employers look for when they hire. You will learn how to better market yourself in seeking a job and you will also learn what you need to emphasize to help you to be more successful in getting hired. In this book a step-by-step guide will help you to identify the skills and accomplishments that employers value the most. This is an easy-to-understand book based on the author's work with thousands of unemployed people. This book is suitable for college students and other adults.

About the Author Brian Harris has been involved in career and personal counseling at the high school and college level for more than twenty years. In addition, he has worked with thousands of unemployed adults in both workshops and individual counseling sessions. His career/educational planning books have sales of more than 500,000 copies. Brian has a B.A. with the major in psychology and a M.Ed. with the area of specialization in counseling. In addition to writing books and presenting workshops, Brian continues to instruct part-time as a university professor teaching courses in counseling
