Kaplan : Get Into Medical School before purchasing it in order to gage whether or not it would be worth my time, and all praised Get Into Medical School:

0 of 0 people found the following review helpful. Three StarsBy Hannah AdamsHelpful, but not as helpful as Med School Confidential.1 of 3 people found the following review helpful. Love it!!!By Aruba RoyThe book tells all of the best ways to get into medical school. You can go into med school straight from high school or a post bach program. I would definitely recommend to a friend.

Everything medical school candidates need to know for success!Less than 40 percent of students who apply to medical

school are accepted. In the face of such intense competition, applicants can rely on Get Into Medical School for the expert advice they need on how to be a standout applicant in every step of the process. Get Into Medical School leads applicants through the entire admission process with insider advice from current medical students and graduates. Unlike other medical school guides that limit themselves to school listings, Get Into Medical School is a detailed, step-by-step guide full of strategies that steer the medical school applicant through the very difficult tasks of researching and selecting the right school, completing an outstanding application, giving a great interview, acing the MCAT, and financing a costly medical degree. This guide also features information on planning for medical school during college, including the key courses and extracurricular activities a student should take to become a desirable candidate for admission. Get Into Medical School offers something for all applicants, including personalized information for minorities, students with disabilities, and international applicants.
