Great for non-native speakers to zero in on SCBy Pieter FarelThe guide is really helpful with sentence correction if you are a non-native speaker and need a good guide to english concepts tested on the GMAT. It really helped me with confidence and success rate with Sentence Correction questions.It was much better than using a general guide since it only covers the concepts tested on the GMAT (well, except articles I guess - it did have an article overview), so there is less material to cover and less work.The book does have a ton of exercises/tests/quizzes. Every few pages you get a new quiz but it does not have GMAT-like SC

questions, rather Grammar exercises.P.S. If you have any questions there is also support on GMAT club.0 of 0 people found the following review helpful. It also has doubtful information and terrible examples. Stay awayBy CustomerFull of grammatical errors and misspellings, this book is poorly written. It also has doubtful information and terrible examples. Stay away!0 of 0 people found the following review helpful. I like this bookBy AJExplains you the rules of grammar without wasting much of your time. There are certain areas where I had to refer other books, but overall a good book.

The GMAT Ultimate Grammar Book covers all the GMAT Sentence Correction (SC) topics that you need to master before taking the verbal section on the GMAT. Whether English is your native language and you want to brush up or as a non-native speaker you are just learning the rules of English grammar, this comprehensive book can walk you through the basics and systematically work your way to an advanced level of the English language sentence structure. The book includes: 500+ exercises and 500+ test questions with answer key Covers all grammar rules from Articles to Parallelism with detailed explanations and examples List of common prepositions, irregular verbs, idioms (plus examples), and commonly confused and misused words 4 tests: 1 after each section and 1 final exam The GMAT Ultimate Grammar for GMAT Sentence Correction was compiled by the GMAT Club, a community of over 130K members, including GMAT Preparation experts, who discuss the GMAT, MBA application process, and more.
