Jorge Nelson Rojas, Richard A. Curry : Gramatica Esencial: Grammar Reference and Review, 2nd Edition
before purchasing it in order to gage whether or not it would be worth my time, and all praised Gramatica Esencial: Grammar Reference and Review, 2nd Edition:

0 of 0 people found the following review helpful. Five Stars By Molly Whitener Muy bien! 1 of 2 people found the following review helpful. Good purchase, quick delivery, good price By Jen Quintana I ordered this book after registering for my Spanish class late. It arrived just in time and in great condition and all for a good price, way better than what the university was offering. I would definitely use textbooknook for future purchases if they carry the book I need. 1 of 2 people found the following review helpful. Gramatica Esencial thumbs up By Molly Maguire 17 The book came to me in what looked to be brand new condition. I was very pleased at the quality I received for the price I paid.

Gramtica esencial is ideal as a core text or as a companion text for intermediate-level course work or self-directed study. Also available with a flexible program package, which would include a comprehensive review and reference

text or a concise handbook, plus an activity CD-ROM.
