before purchasing it in order to gage whether or not it would be worth my time, and all praised Grammar and Beyond Level 3 Student's Book:

InnovativeBy Israel Tenorio-RochaIt was delivered really fast and i always knew where it was because of the tracking system.Activities in the book are attractive because it involves grammar with common situations in office, travel, home etc. Audio can be downloaded from the Cambridge website. This is the third book so you have to expect a B1 to B2 european frame for languages levels included. Writing skills practices are included in all units too. I think this combination of grammar, common situations and writing is innovative and you should buy it if you want to improve your convesational and writing American English skills.0 of 0 people found the following review helpful. Based on extensive research, Grammar and Beyond ensures that students study accurate information about grammar and apply it in their own speech and writing. Student's Book, Level 3 is the main component of Grammar and Beyond. In each unit, students study the grammar in a realistic text and through charts and notes informed by a billion-word corpus of authentic language. The exercises provide practice in reading, writing, listening, and speaking, making this a complete course. Students learn to avoid common mistakes, based on an extensive corpus of learner language. Each unit concludes with a Grammar for Writing section, in which students apply the grammar in an extended writing task.
