**Martin Parrott : Grammar for English Language Teachers** before purchasing it in order to gage whether or not it would be worth my time, and all praised Grammar for English Language Teachers:

11 of 11 people found the following review helpful. Everything you need in a grammar resourceBy thespaniard98As a "Pass A" student on the CELTA, I can say that this book is excellent. My CELTA center actually had it in their library and asked trainees to refer to it for assignments and lesson planning. If you are going to teach English, and teach it well, you should have access to a grammar resource that is exhaustive, and this is it. One of its strengths is that it explains common issues that ESL/EFL learners have with regards to particular aspects of grammar. So you can brush up on the past perfect continuous and then see what potential problems you may run into with your students.0 of 0 people found the following review helpful. Five StarsBy Melissaas described0 of 0 people found the following review helpful. Five StarsBy Review Guy - 619The best book for English grammar. Second time buying it. I lost the first. Much better than pdf.

An invaluable resource helping teachers at all levels of experience to develop their understanding of English grammar. Grammar for English Language Teachers is designed to help practising and trainee teachers to develop their knowledge of English grammar systems. It encourages teachers to appreciate factors that affect grammatical choices, and evaluates the 'rules of thumb' presented to learners in course materials. Consolidation exercises provide an opportunity for teachers to test these rules against real language use and to evaluate classroom and reference materials.
