M. Stanley Whitley, Luis Gonzlez : Gramtica para la composicin before purchasing it in order to gage whether or not it would be worth my time, and all praised Gramtica para la composicin:

0 of 0 people found the following review helpful. HelpfulBy CustomerI had to buy this book for a 300 level Spanish class in college. The book has a lot of good information to help understand all about Spanish grammar. The section headings are not well defined, which makes navigation difficult, and some of the exercise directions are confusing, but otherwise it's a good book.0 of 0 people found the following review helpful. Five StarsBy Robert L GieberVery complete advanced grammar.

Integrating grammar and composition, this new edition of the best-selling textbook guides the advanced student through progressively more complex types of writing by organizing the grammar lessons on a functionalist basis around the needs of composition. This innovative approach to teaching Spanish grammar and composition promotes

systematic language development and enables students to strengthen their expressive and editing skills in the language in order to write more effectively and confidently. Refined by years of classroom testing and analysis of the problems students encounter, this new edition features the following: A new, colorful design helps students navigate the book more easily and engages visual learning strategies. Readings for the major composition exercises have been updated to stress authentic, connected discourse. A fully redesigned companion website (www.books.quia.com) that works with both PCs and Macs and is sold separately. The site offers two-thirds more activities than the previous edition and features an instructor's interface for tracking student progress. Streamlined treatment of points of grammar, including an explanation for more than twelve functions of *se* with a rule of subject reflexivization. The instructor's manual for *Gramática para la composición, tercera edición* is available for free on the press's website. A wonderful resource for instructors, the manual includes details on updates to the new edition, suggested lesson sequences for different course lengths, and a sectional index of the text.

"The breadth and depth of each lesson's treatment of the requisite and relevant grammar points is remarkable: the ins and outs of Spanish structure and vocabulary (especially points troublesome to English speakers) are here clarified and exemplified.... An invaluable review and reference grammar which students will consult again and again, as they likely make this one textbook that they will not sell back to the bookstore at the end of the term." Philip W. Klein, Professor, University of Iowa

About the Author
M. Stanley Whitley is professor emeritus of Spanish and linguistics at Wake Forest University. He is the author of *Spanish/English Contrasts: A Course in Spanish Linguistics*, coauthor of *Teaching Spanish Grammar with Pictures: How to Use William Bull's Visual Grammar of Spanish*, and coauthor of *Pronouncing English: A Stress-Based Approach with CD-ROM*.
