Edward Ruscha : Guacamole airlines and other drawings before purchasing it in order to gage whether or not it would be worth my time, and all praised Guacamole airlines and other drawings:

0 of 1 people found the following review helpful. neitherBy leonardo a cantonneither were what was promised, the poems did not rhyme, they were just words strung together, the painings were just photos one can get anywhre, i needed background and more info, too bad.lac

From the publisher: "Guacamole Airlines and Other Drawings is ... Ruscha's own selection of 84 of his favorite drawings. Using such imaginative media as gunpowder, spinach, and carrots, Ruscha's drawings are small, intimate forays into the dehumanized modern world. What could be more telling than 'Made in USA' boldly silhouetted on a pink ground made of Pepto-Bismol? Ruscha reminds us that where there is absurdity and humor there is truth."
